COVID 19

International Sugar Organization Secretariat

UPDATE

The Executive Director would like to inform our friends and colleagues that since the last Memo was issued the UK Government has announced that the whole of the UK has been placed in Lockdown and remains so until further advice from the Government. The UK Government guidelines are for everyone to stay at home as much as possible and those people who can work from home must continue do so. The ISO will respect these guidelines and will continue to provide the highest level of service; staff will combine coming to the office only when absolutely necessary with continuing to work from home.

All ISO staff are reachable, preferably by email, and by phone. The phone number operates and all calls will be answered. So far, the ISO Secretariat has demonstrated that during this lockdown its level of professional service remains solid and covers all the main areas of relevance.

You will continue to be kept informed of any change in circumstances.
